- Effective communication can happen we follow the basic principles of professional communication skill these can be abbreviated as 7C clear, ~~correct~~ concise concrete, correct, coherent complete and courteous.

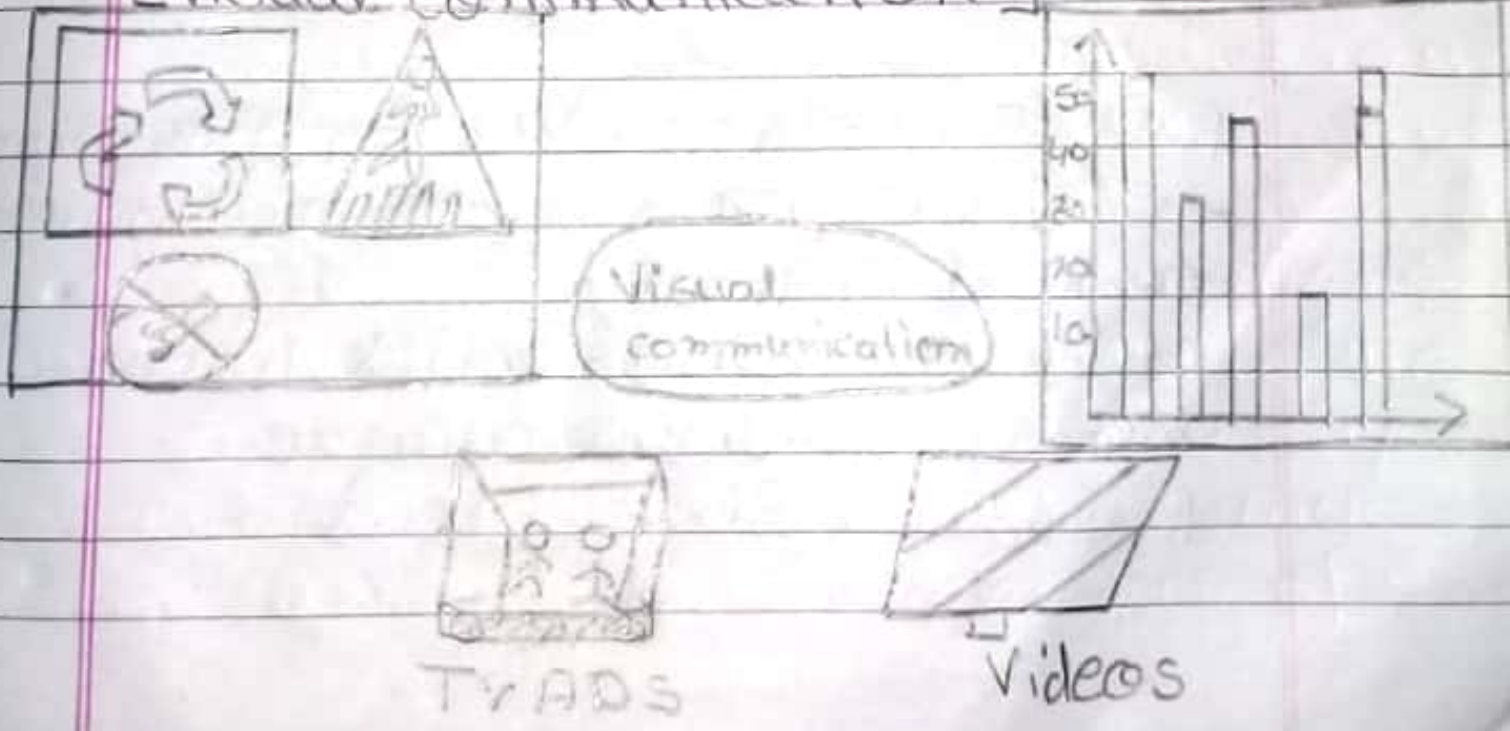

### 7Cs of effective communication

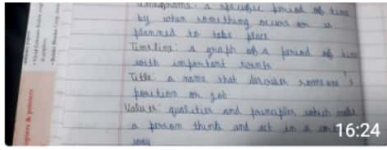

Clear:- Be clear about what you want to say

Concise:- Use simple words and say only what is needed

Concrete:- Use exact words and phrases.

### Visual communication

the full meaning of what's being said and makes the other person feel heard and understood.

Effective communication sounds like it should be instinctive. But all too often, when we try to communicate with others something goes astray. We say one thing, the other person hears something else, and misunderstandings, frustration, and conflicts ensue. This can cause
